THE TOULMIN MODEL

Questions about the general argumentation in your assignment.

The model consists of three basic elements: claim, data and warrant. Together, these three elements constitute an argument. The three elements qualifier, backing and rebuttal are optional.

Data

Where do I find evidence (documentation)?

_____
_____
_____
_____
_____
_____

Qualifier

On the basis of my rebuttal and backing, I plan to present my argument with the following qualifier:

_____
_____
_____

Claim

What is my claim/point?

_____
_____
_____
_____
_____
_____

Warrant

What is the warrant in this case (which method will I use)?

_____
_____
_____
_____
_____

Rebuttal

Which rebuttals are linked to this method (why is it problematic)?

_____
_____
_____
_____
_____

Backing

What supports the warrant (using this method) in spite of the rebuttal?

_____
_____
_____
_____
_____
_____
