

Group Work in the course “Masterpieces”

The table shows cues for the content and dates for the assignments in the groups. As the course progresses you will find a more detailed description of the tasks that you are responsible for in the **Calendar** marked by the proper date. There will be 6 for each group. In the folder named **Assignments** you will find a folder for each class. This is where you will upload your results. REMEMBER to write the names of all members of the group into the file itself so that I can make sure that you have all contributed to solving the assignments. It is a prerequisite for relief that ALL assigned tasks are solved.
