

Questions for reflection	Descriptions of your reflections
<p>Academic content (should be formulated in the group)</p> <p>Things to consider:</p> <ul style="list-style-type: none">• Which parts of the assignment worked well academically? What makes them good?• Which parts of the assignment could we improve? And how can we improve them in our next assignment?• On the basis of the above reflections: Formulate one or two concrete learning objectives for your next assignment (possibly consult the learning objectives of the subject)	
<p>Your learning (should be discussed in the group and formulated following individual reflection)</p> <p>Things to consider:</p> <ul style="list-style-type: none">• How has your work with this assignment improved your understanding of the subject? Formulate two or three concrete examples.• Based on the competence profile (view excerpts from the academic regulations): Which core academic proficiencies (knowledge, skills, competences) have you used in your work with this assignment? (Describe your efforts to solve this task, using some very specific words)	

- What worked well/not so well in your collaboration in the group? What role(s) did you play in the collaboration? Should the group work be different when writing your next assignment, and do you want to change your role?

Competence profile for the course (excerpts from the academic regulations) (NB. to be inserted by the teacher):

Knowledge:

Skills:

Competences:
