

Broad, unfocused literature search (inspiration search)

Datasheet

1. Problem statement:

Write your problem statement – or describe your topic as well as you can based on your present knowledge.

--

2. Mark the key concepts in your description

What aspects/sub-topics should be addressed in the literature you want to find?

--	--	--

2a Example

Topic: *Breach of good research practice*

Research	Scholarship, Good practice	Breach of, Malpractice
----------	----------------------------------	---------------------------

Please turn!

3. Make a list of all the search words and concepts you find

List the relevant search terms for the aspects and sub-topics you wish to cover. Think of synonyms, specialist terms, different spellings.

Search broadly in the library's catalogue, Bibliotek.dk, Google Scholar etc. as inspiration for relevant search items.

Make a list of both Danish and English search words and concepts.
