

## Using reference works

Form 2

### 1. Problem statement

Write your problem statement – or describe your topic as precisely as you can based on your present knowledge.

--

### 2. Mark the key concepts in your description

What aspects/sub-topics should be addressed in the literature you want to find?

--	--	--

#### 2a Example

Topic: *Breach of good research practice*

Research	Scholarship, Good practice	Breach of, Malpractice
----------	----------------------------------	---------------------------

Please turn!

**3. Make a list of usable search terms**

List the relevant search terms for the subjects of your search.
